

# Burc-u Zafer

▶ Southern Cross Blue Cruising

## Understated Elegance

A comfortable forward breakfast area is also suitable for sunset cocktails.

Burc-u Zafer is a 2000 launch transom stern gulet measuring 28 meters length over deck.

She has two double aft cabins, two twin mid-ship cabins, and two forward twins. The twins can also be configured as doubles for maximum flexibility with sleeping arrangements.

Her crew of four have worked together seamlessly for many years.

# Introducing Ali Altın

Burc-u Zafer has a crew of five, and Ali has been captain since the launch of the gulet.

Burc-u Zafer has some of the highest clearance and headroom for a Turkish gulet, and is very well suited for tall guests.

Captain Ali brings over 20 years of local seamanship and experience to Burc-u Zafer.

Burc-u Zafer offers spacious, roomy cabins with full air conditioning and home-style, modern bathrooms. There is ample closet and shelf space, and under-bed storage for suitcases.

---

**Twin staterooms can also be configured as doubles upon request**

**Double stateroom**

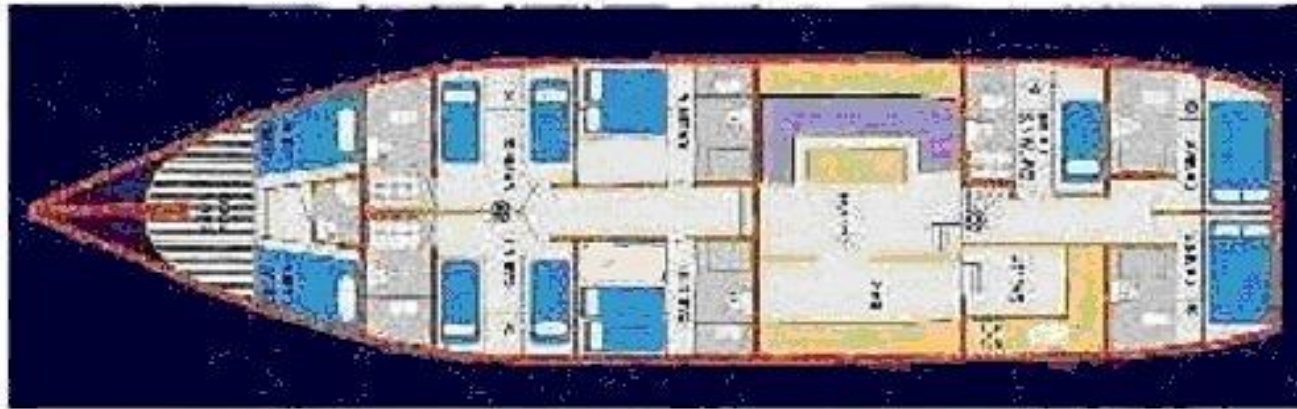

A Turkish touch with the accents in the main saloon reminds our guests that they are sailing in ancient Byzantine waters.

The roomy table in the saloon can seat 12 and there is an open bar across from the table.

Bathrooms are finished with marble tops, flush toilets and enclosed showers.
