

Gemibasi

A GOURMET CRUISE FOR THE DISCERNING

Gemibasi is named after the acclaimed, 200 year old fish restaurant in Bodrum, where her chef works during the winter.

A deluxe, classic sailing gulet

Gemibasi is a classic, round stern, Bodrum gulet. With one master and three double cabins, she can accommodate up to 8 persons in full comfort.

Her beautifully varnished red pine finishing gives a light and airy feel throughout the yacht, and air conditioning is available upon demand. She has home style bathrooms and enclosed showers.

Captain and crew

Captain Ali is a dynamic young gentleman who speaks perfect English, and is well versed in the local anchorages and attractions. The chefs on **Gemibasi** all come from the restaurant of the same name, a landmark stone building in downtown Bodrum which used to house the Ottoman harbormaster's office.
