

Primadonna

IT'S ALL ABOUT PRIVACY

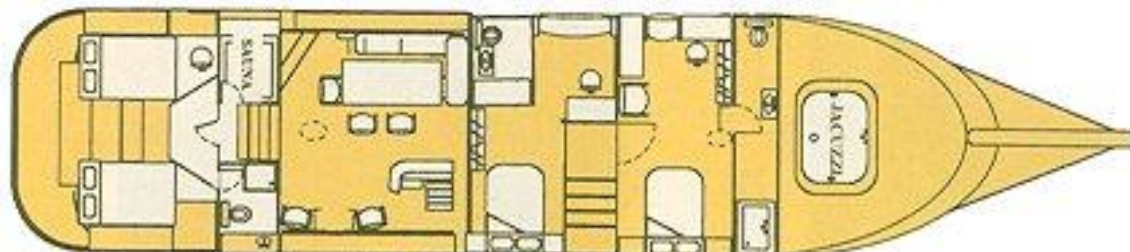

Primadonna

This unique boutique gulet is extremely popular with honeymoon couples, families and couples traveling together. There are three identically sized master suites, each with its own home-style bathrooms and shower units. Two of the staterooms have a private entrance on the foredeck, and the third stateroom is accessed via the saloon.

A stunning head turner, and a Jacuzzi

With a complete 2009 refit and a beautiful, white paint job, Primadonna looks brand new. On the foredeck there's a seating area for cocktails as well as a Jacuzzi.

The comfortable forward sun beds, roomy aft deck seating area and generous dining table and a discrete crew ensure lifelong memories on board this gulet. Oh, and the mermaid.

Primadonna is the only small, boutique charter gulet offering a separate cabin partitions from the main living areas.
