

Felicita

CLASSIC LINES IN A COMFORTABLE, IMPECCABLY MAINTAINED GULET

When launched, Felicita set the new standard in luxury and architecture for Bodrum built gulets, and is still the envy of local boat builders.

Privately Owned Classic Gulet

You won't come across this beautiful gulet too often on the internet, as her private owner is extremely selective.

The roomy aft deck is in the traditional Bodrum style, with an open air saloon and access to the galley from behind the bar.

Step inside to five double, equally sized cabins, two of which also have an additional single bed. Bathrooms are ensuite with enclosed showers. Air conditioning is available in the cabins.

Captain and Crew

Mehmet Captain is an old world gentleman with a broad smile, sparkling eyes and is fluent in French. The cuisine on board is prepared to the high expectations of her owner, and includes local as well as continental fare.

At a Glance
